Dear Friend of KAA,

From Your President,

We have had a busy year, hosted several events, including a great Kentucky Tree Climbing event, and several training events. The storms earlier this year kept many of us busy for a long time. I hope we use these types of opportunities to make the public more aware and teach them about trees and proper pruning techniques.

I attended the ISA conference in Albuquerque in August, watched some great climbers, and attended several presentations. The Landscape Below Ground V Conference at the Morton Arboretum was excellent, as well.

I am looking forward to an informative KAA Conference in Northern Kentucky in February and seeing many friends, both old and new. I am currently in Seattle for the ASCA Conference with many other consulting arborists. I hope everyone has a good December and January and look forward to seeing all of you at Boone County Extension in February at our Annual Conference!
